My Birthday Cakes

By Elizabeth Clarke

I will call my mum.

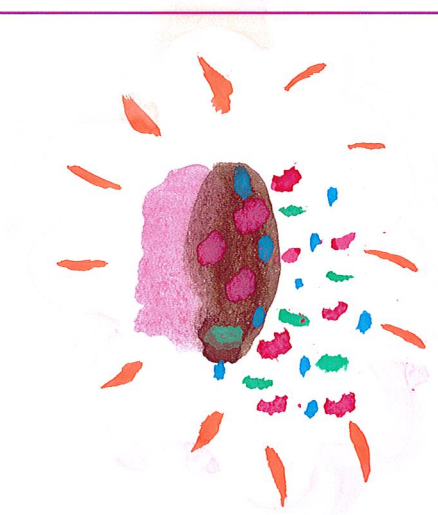

**I will ask her to come here and help me
make some cakes for my birthday.**

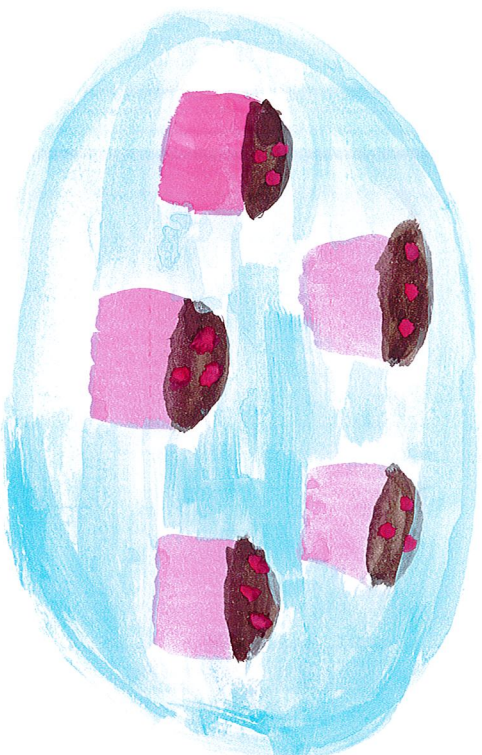

"What kind of cakes do you want for your birthday?" she asks me.

"I want chocolate cakes and they must have some lollies on top." I tell her.

My mum came over and we made the cakes. Then we put the lollies on top. We only put 3 lollies on each cake.

The cakes were so yummy!
